BIBLIOGRAPHY OF HILDEGARDE HOWARD

1923

1. The fossil beds of La Brea. International Assoc. High School Nat. Hist. Clubs, Bull. 2. (November)

1927

2. A review of the fossil bird, *Parapavo californicus* (Miller) from the Pleistocene asphalt beds of Rancho La Brea. Univ. California Publ., Bull. Dept. Geol. Sci. 17(1):1–62, 13 pls. (September 30)

1928

3. The beak of *Parapavo californicus* (Miller). Bull. So. California Acad. Sci. 27:90–91. (December 31)

1929

4. The avifauna of Emeryville shellmound. Univ. California Publ. Zool. 32(2):301–394, 4 pls., 55 text figs. (July 19)
5. Additional bird records from the Pleistocene of Rancho La Brea. Condor 31:251–252. (November 15)

1930

6. An abnormal wing development in a Pintail Duck. Condor 32:58–61, 2 text figs. (January 20)
7. A census of the Pleistocene birds of Rancho La Brea from the collections of the Los Angeles Museum. Condor 32:81–88, 3 text figs. (March)

1931

8. Pliocene bird remains from Santa Barbara, California. Condor 33:30–31. (January 15)
9. A new species of Road-runner from Quaternary cave deposits in New Mexico. Condor 33:206–209, 3 text figs. (September 15)
10. *Cryptoglaux funerea* in New Mexico. Condor 33:216. (September 15)

1932

11. A new species of Cormorant from Pliocene deposits near Santa Barbara, California. Condor 34:118–120, 1 text fig. (May 16)
12. Eagles and eagle-like vultures of the Pleistocene of Rancho La Brea, California. Carnegie Inst. of Wash., Publ. 429:1–82, 29 pls., 3 text figs. (October)

1933

13. Bird remains from cave deposits in New Mexico. Condor 35:15–18. (With Alden H. Miller) (January 16)
14. A new species of owl from the Pleistocene of Rancho La Brea, California. Condor 35:66–69, 1 text fig. (March 17)
15. Bird remains from an Indian shellmound near Point Mugu, California. Condor 35:235. (With Leigh Marian Dodson) (November 15)

1934

16. Characters differentiating certain species of *Stercorarius*. Condor 36:158–160. (With George Willett) (July 16)

1935

17. A new species of eagle from a Quaternary cave deposit in eastern Nevada. Condor 37:206–209, 1 text fig. (July 15)
18. The Rancho La Brea Wood Ibis. Condor 37:251–253, 1 text fig. (September 16)

1936

19. Further studies upon the birds of the Pleistocene of Rancho La Brea. Condor 38:32–36. (January 15)
20. A new fossil bird locality near Playa del Rey, California, with description of a new species of sulid. Condor 38:211–214, 1 text fig. (September 15)
21. A new record for *Parapavo californicus*. Condor 38:249–250. (November 16)

1937

22. A Pleistocene record of the Passenger Pigeon in California. Condor 39:12–14, 1 text fig. (January 15)

1938

23. The status of the extinct condor-like birds of the Rancho La Brea Pleistocene. Publ. Univ. California at Los Angeles, Biol. Sci. 1:169–176, 1 pl., 2 text figs. (With Loye Miller) (February 18)
24. The Rancho La Brea Caracara, a new species. Carnegie Inst. Wash. Publ. 487:217–240, 3 pls., 1 text fig. (July 7)

1939

25. A prehistoric record of Holboell Grebe in Nevada. Condor 41:32. (January 17)
26. The avifauna associated with human remains at Rancho La Brea, California. Carnegie Inst. Wash. Publ. 514:39–48, 4 text figs. (With Alden H. Miller) (May 18)
27. Aves. Fortschritte de Palaontologie 2(1937/1938):309–322.

1940

28. A new race of Caracara from the Pleistocene of Mexico. Condor 42:41–44. (January 19)

1941

29. The horse, a biography. Los Angeles County Mus. Quarterly 1:10–13, 2 text figs. (April)

1942

30. A review of the American fossil storks. Carnegie Inst. Wash. Publ. 530:187–203, 1 pl., 2 text figs. (January 19)
31. Rancho La Brea birds. Los Angeles County Mus. Quarterly 2:16–20, 2 text figs. (January)

1943

32. Review of "Fossil Birds of California" by Loye Miller and Ida de May. Condor 45:79–80. (March 19)

1944

33. The ascent of *Equus*. A story of the origin and development of the horse. Los Angeles County Mus., Sci. Ser. 8, Paleon. Publ. 5:1–38, 30 text figs. (With Chester Stock) (March 31)
34. The Rancho La Brea bird mounts. The Museum News 21(19):8. (April 1)
35. A Miocene hawk from California. Condor 46:236–237, 1 text fig. (September 27)
36. Miscellaneous avian fossil records from California. Bull. So. California Acad. Sci. 43:74–77, 1 pl. (September 30)

1945

37. Fossil birds. With especial reference to the birds of Rancho La Brea. Los Angeles County Mus., Sci. Ser. 10, Paleon. Publ. 6:1–40, 18 text figs. (May)
38. Observations on young tarsometatarsi of the fossil turkey, *Parapavo californicus* (Miller). Auk 62:596–603, 1 pl., 1 text fig. (October)

1946

39. A review of the Pleistocene birds of Fossil Lake, Oregon. Carnegie Inst. Wash. Publ. 551:141–195, 2 pls. (January 25)
40. George Willett: May 28, 1879–August 2, 1945. Condor 48:49–71, 11 text figs. and frontispiece portrait. (April 2)

1947

41. A preliminary survey of trends in avian evolution from Pleistocene to Recent time. Condor 49:10–13. (February 6)
42. Wing elements assigned to *Chendytes*. Condor 49:76–77, 1 text fig. (March 31)
43. An ancestral Golden Eagle raises a question in taxonomy. Auk 64:287–291. (April)
44. California's flightless birds. Los Angeles County Mus. Quarterly 6(2):7–11, 3 text figs. (Summer)

1948

45. Later Cenozoic avian fossils from near Newport Bay, Orange County, California. Abstract. Bull. Geol. Soc. Amer. 59:1372–1373.

1949

46. Avian fossils from the marine Pleistocene of Southern California. Condor 51:20–28. (January)
47. The spring "Robin." Los Angeles County Mus. Quarterly 7(3):17. (March)
48. New avian records for the Pliocene of California. Carnegie Inst. Wash. Publ. 584(6):177–199, 3 pls. (June 22)
49. The flightless Pliocene bird, *Mancalla*. Carnegie Inst. Wash. Publ. 584(7):201–228, 6 pls., 1 text fig. (With Loye Miller) (June)
50. Adaptations. Los Angeles County Mus. Quarterly 7(4):11–15, 5 text figs. (October)
51. The California Turkey. Los Angeles County Mus. Quarterly 7(4):15–16. (October)

1950

52. Personalities in Paleontology (E.E. Hadley). Soc. Vert. Paleon. Bull. 27:26–27, 1 text fig. (October)
53. Fossil evidence of avian evolution. Ibis 92:1–21, 5 text figs. (January)
54. Foreword. Pp. v–vi *in* Lifelong Boyhood by Loye Miller. Univ. California Press, Berkeley and Los Angeles.
55. Gayle Benjamin Pickwell. Auk 67:280–281. (April) See also No. 75, 1954.
56. Charles Dean Bunker. Auk 67:425–426. (July) See also No. 75, 1954.
57. Thomas Tonkin McCabe. Auk 67:427–428. (July) See also No. 75, 1954.
58. The Hall of Evolving Life. Los Angeles County Mus. Quarterly 8(1):6–7, 1 text fig. (Spring)
59. *Teratornis*, the wonder bird of the Ice Age. Los Angeles County Mus. Leaflet Ser., Sci. 3:1–4. (December)

1951

60. Chester Stock (1892–1950). Soc. Vert. Paleon. Bull. 31:33–34, 1 text fig. (February)
61. Pleistocene duck bones from Ohio. Condor 53:205. (July)
62. Chester Stock. January 28, 1892–December 7, 1950. Los Angeles County Mus. Quarterly 8(3–4):15–18, 1 text fig. (May)
63. E.E. Hadley (1864–1951). Soc. Vert. Paleon. Bull. 33:32. (October)
64. Louis Bennett Bishop. 1865–1950. Auk 68:440–446, 1 text fig. (October)
65. Elza Ellsworth Hadley, 1864–1951. Bull. So. California Acad. Sci. 50(3):172–173, 1 text fig. (December).

1952

66. The prehistoric avifauna of Smith Creek Cave, Nevada, with a description of a new gigantic raptor. Bull. So. California Acad. Sci. 51(2):50–54, 1 pl. (May)
67. Dorothea Minola Alice Bate. Auk 69:491. (October) See also No. 75, 1954.
68. Mary Louise Fossler. Auk 69:493. (October) See also No. 75, 1954.

1953

69. Paintings depict "Life through the Ages." Los Angeles County Mus. Quarterly 10(1):6–8, 6 text figs. (March)
70. Forty years at Rancho La Brea. Los Angeles County Mus. Quarterly 10(2):6–12, 17 text figs. (June)
71. Southern California Academy of Sciences. Science 118(3072):3. (November 13)
72. An early bird. Los Angeles County Mus. Quarterly 10(4):12–13, 3 text figs. (December)

1954

73. Albert Ernest Colburn. Auk 71:111. (January) See also No. 75, 1954.
74. John M. Davis. Auk 71:236. (April) See also No. 75, 1954.
75. Biographies of members of the American Ornithologists' Union. Reprinted from "The Auk," 1884–1954. Pp. 35, 100, 135, 161, 212, 380, 455. Lord Baltimore Press, Washington, D.C. (With T.S. Palmer and others)
76. James Charlwood Marsh, 1867–1954. Bull. So. California Acad. Sci. 53(3):180–182, 1 text fig. (December 31)
77. The Hall of Evolving Life in the Los Angeles County Museum. Museum 7(4):209–217, 11 text figs. (Including French translation) (December)

1955

78. Rancho La Brea Tar Pits. Los Angeles County Employee 28(1):10–11, 50, cover photo and 3 text figs. (January)
79. History of scientific work at Rancho La Brea. Issued with Miracle Mile Milestones No. 4. (January 6)
80. A new wading bird from the Eocene of Patagonia. Amer. Mus. Nov. 1710:1–25, 8 text figs. (March 11)
81. Fossil Birds. With especial reference to the birds of Rancho La Brea. (Revised edition) Los Angeles County Mus., Sci. Ser. 17, Paleon. Publ. 10:1–40, 22 text figs. (April 27)
82. New records and a new species of *Chendytes,* an extinct genus of diving geese. Condor 57:135–143, 3 text figs. (May 25)
83. Fossil birds from Manix Lake, California. U.S. Geol. Survey Prof. Paper No. 264J:199–205, 1 pl., 1 text fig. (June 8)
84. Job analysis of curatorial positions. Clearing House for Western Museums, Newsletter 189:877–880. (November)
85. Summary of vertebrate remains. Pp. 14–18 *in* Preliminary report of the Schuiling Cave by Gerald A. Smith. Quarterly, San Bernardino Co. Mus. Assoc. 3(2). (With Theodore Downs) (Winter)

1957

86. A gigantic "toothed" marine bird from the Miocene of California. Santa Barbara Mus. Nat. Hist., Bull. Dept. Geol. 1:1–23, 8 text figs. (February 1)
87. A new species of passerine bird from the Miocene of California. Los Angeles Co. Mus., Contrib. Sci. 9:1–16, 2 text figs. (June 28)

1958

88. A hundred million years of California's prehistory in a famous collection. Los Angeles County Mus. Quarterly 14(1):2–5, 5 text figs. (February)
89. Further records from the Pleistocene of Newport Bay mesa, California. Condor 60(2):136. (March)
90. Standards for curatorial positions. Committee Report (Chaired by Hildegarde Howard). Clearing House for Western Museums Newsletters 217–218:2032–2051. (First issued in mimeograph form to members of Western Mus. Conference, May 1957.)
91. Miocene sulids of southern California. Los Angeles Co. Mus., Contrib. Sci. 25:1–16, 3 text figs. (August 15)
92. Condensed version of chapter on "Origin and Evolution of Birds" from "Fossil Birds," Los Angeles County Mus., Sci. Ser. 17, Paleon. Publ. 10:1–40. Published

in program of 1958 Annual Pheasant Show, Arcadia, California, November 22–23, 1958.

93. An ancient cormorant from Nevada. Condor 60:411–413. (November 26)

1959

94. Quaternary animals from Schuiling Cave in the Mojave Desert, California. Los Angeles Co. Mus., Contrib. Sci. 29:1–21, 8 text figs. (With Theodore Downs, Thomas Clements, and Gerald A. Smith) (April 14)
95. What is Hancock Park? Los Angeles County Mus. Quarterly 15(4):10–12. (Autumn)

1960

96. Significance of Carbon-14 dates for Rancho La Brea. Science 131(3402):712–714. (March 11)
97. The Division of Science. Los Angeles County Mus. 50th Anniversary Quarterly 16(2):19–23. (Spring)
98. What about standards for small museums? Clearing House for Western Mus. 1(1):7–10. (July)

1961

99. Howard Rice Hill, 1891–1961. Bull. So. California Acad. Sci. 60:193–195. (July)

1962

100. Fossil Birds. With especial reference to the birds of Rancho La Brea. (New edition with addendum) Los Angeles County Mus., Sci. Ser. 17, Paleon. Publ. 10:1–44, 23 text figs.
101. A second record of *Osteodontornis,* Miocene "toothed" bird. Los Angeles Co. Mus., Contrib. Sci. 52:1–12, 5 figs. (With John A. White) (February 26)
102. Bird remains from a prehistoric cave deposit in Grant County, New Mexico. Condor 64:241–242. (May)
103. A comparison of avian assemblages from individual pits at Rancho La Brea, California. Abstracts of Papers, XIII Internat. Ornithol. Congress. June 17–24, 1962. Ithaca, New York.
104. A new Miocene locality record for *Puffinus diatomicus* and *Sula willetti.* Condor 64:512–513. (November)
105. A comparison of prehistoric avian assemblages from individual pits at Rancho La Brea, California. Los Angeles Co. Mus., Contrib. Sci. 58:1–24, 5 text figs. (December 21)
106. Contributions from the Los Angeles Museum–Channel Island Biological Survey. 36. A fossil bird, Caracara, from Santa Rosa Island. Bull. So. California Acad. Sci. 61(4):227–228. (December 31)

1963

107. Fossil birds from the Anza-Borrego Desert. Los Angeles Co. Mus., Contrib. Sci. 73:1–33, 3 pls., 1 text fig. (December 30)
108. Ascent of *Equus*. Second edition. Los Angeles County Mus., Sci. Ser. 22, Paleon. Publ. No. 12:1–38, 15 text figs. (With Chester Stock) (July)

1964

109. A fossil owl from Santa Rosa Island, California, with comments on the eared owls of Rancho La Brea. Bull. So. California Acad. Sci. 63(1):27–31, 1 text fig. (April 21)
110. Fossil Anseriformes. Pp. 233–326 (Chapter 10) *in* Waterfowl of the World by Jean Delacour. Vol. 4. Country Life Ltd., London. Second edition, 1973.
111. Further discoveries concerning the flightless "diving goose" *Chendytes lawi.* Condor 66:372–376, 1 text fig. (September)
112. A new species of "Pigmy Goose," *Anabernicula,* from the Oregon Pleistocene, with a discussion of the genus. Amer. Mus. Nov. 2200:1–14, 2 text figs. (December 15)
113. Hilda Wood Grinnell. Auk 81:586. (October)

1965

114. A new species of cormorant from the Pliocene of Mexico. Bull. So. California Acad. Sci. 64(1):50–55, 1 text fig. (April 26)
115. Laurence Markham Huey. Auk 82:323. (April)
116. First record of avian fossils from the Eocene of California. J. Paleon. 39(3):350–354, 1 pl. ("May," distributed June (late, undated))
117. Egmont Zachary Rett. Auk 82:686. (October)

1966

118. Pliocene birds from Chihuahua, Mexico. Los Angeles Co. Mus., Contrib. Sci. 94:1–12, 1 text fig. (April 4)
119. A possible ancestor of the Lucas Auk (Family Mancallidae) from the Tertiary of Orange County, California. Los Angeles Co. Mus., Contrib. Sci. 101:1–8, 1 text fig. (May 5)
120. Two fossil birds from the Lower Miocene of South Dakota. Los Angeles Co. Mus., Contrib. Sci. 107:1–8, 1 text fig. (July 22)
121. Additional avian records from the Miocene of Sharktooth Hill, California. Los Angeles Co. Mus., Contrib. Sci. 114:1–11, 1 text fig. (December 28)

1968

122. Limb measurements of the extinct vulture, *Coragyps occidentalis*; with a description of a new subspecies. Papers Archaeol. Soc. New Mexico 1:115–128. (May 9)
123. Tertiary birds from Laguna Hills, Orange County, California. Los Angeles Co. Mus., Contrib. Sci. 142:1–21, 2 text figs. (June 14)
124. Fossil Birds. Pp. 42–45 *in* Prehistory of Santa Rosa Island by Phil C. Orr. Santa Barbara Mus. Nat. Hist. Publ. (September)
125. A preliminary report of Pleistocene birds of Central Mexico. Abstracts, Annual Meeting Geol. Soc. Amer., Mexico City, 1968:142.

1969

126. A new avian fossil from Kern Co., California. Condor 71:68–69, 1 text fig. (February 14)
127. A new species of bony-toothed bird (Family Pseudodontornithidae) from the Tertiary of New Zealand. Rec. Canterbury Mus. 8(4):345–357, 4 pls. (With Stuart L. Warter) (May 31)
128. Avian fossils from three Pleistocene sites in central Mexico. Los Angeles Co. Mus., Contrib. Sci. 172:1–11, 1 text fig. (June 30)

1970

129. A review of the extinct avian genus, *Mancalla*. Los Angeles Co. Mus., Contrib. Sci. 203:1–12, 1 text fig. (November 24)

1971

130. In Memoriam: Loye Holmes Miller. Auk 88:276–285, photo. (April)
131. Quaternary avian remains from Dark Canyon Cave, New Mexico. Condor 73:237–240. (May 21)
132. Pliocene avian remains from Baja California. Los Angeles Co. Mus., Contrib. Sci. 217:1–17, 2 text figs. (November 12)

1972

133. Type specimens of avian fossils in the collections of the Natural History Museum of Los Angeles Co. Los Angeles Co. Mus., Contrib. Sci. 228:1–27. (June 7)
134. The bibliography of Loye Holmes Miller. Condor 74:268–271. (September)
135. The Incredible Teratorn again. Condor 74:341–344, 1 text fig. (September 18)

1973

136. Fossil Anseriformes. Pp. 233–326 (Chapter 10), and New General Corrections and Additions, pp. 371–378 (Chapter 12) *in* Waterfowl of the World by Jean Delacour. Second Edition. Vol. 4. Hamlyn Publ. Group, Ltd. (Country Life Ltd.), London.

1974

137. Postcranial elements of the extinct condor, *Breagyps clarki* (Miller). Los Angeles Co. Mus., Contrib. Sci. 256:1–24, 9 text figs. (May 22)

1976

138. A new species of flightless auk from the Miocene of California (Alcidae: Mancallinae). Smithsonian Contrib. to Paleobiology 27:141–146, 1 text fig. (May 21)

1978

139. Late Miocene marine birds from Orange Co., California. Los Angeles Co. Mus., Contrib. Sci. 290:1–28, 4 text figs. (March 21)

1979

140. Aves. Pp. 60–70 *in* The Encyclopedia of Paleontology (R.W. Fairbridge and D. Jablonski, Eds.). Dowden, Hutchinson, and Ross, Inc., Stroudsburg, Penn.

See enclosed sheet for addendum since publication
1981 – 1992.

See more recent one as of 1948 (This was sent to AOU)

BIBLIOGRAPHY OF SCIENTIFIC PUBLICATIONS

Hildegarde Howard, 1962-1965

96. 1962. Fossil Birds (see no. 78, 1955) new edition with addendum, 44 pp., 23 ills.

97. 1962. A second record of Osteodontornis, Miocene "toothed" bird (with John A. White). L.A. County Mus. Contrib. Sci., no. 52, 12 pp., 5 figs. (Feb.26, 1962).

98. 1962. Bird remains from a prehistoric cave deposit in Grant County, New Mexico. Condor, 64:241-242. (May, 1962).

99. 1962. A comparison of prehistoric avian assemblages from individual pits at Rancho La Brea, California. Abstracts of Papers, XIII Internat. Ornithol. Congress, June 17-24, 1962 (Ithaca, N.Y.).

100. 1962. A new Miocene locality record for Puffinus diatomicus and Sula willetti. Condor, 64:512-513. (Nov.-Dec., 1962)

101. 1962. A comparison of prehistoric avian assemblages from individual pits at Rancho La Brea, California. Los Angeles County Museum Contrib. Sci., no. 58, 24 pp., 5 figs., 1 table, (Dec. 31, 1962).

102. 1962. Contributions from the Los Angeles Museum-Channel Island Biological Survey. 36. A fossil bird, Caracara, from Santa Rosa Island. Bull. So. Calif. Acad. Sci., 61 (4):227-228. (Dec. 31, 1962).

103. 1963. Fossil birds from the Anza-Borrego Desert. Los Angeles County Mus. Contrib. Sci., no. 73, 33 pp., 1 fig., 3 pls. (Dec., 1963).

104. 1964. A fossil owl from Santa Rosa Island, California, with comments on the eared owls of Rancho La Brea. Bull. So. Calif. Acad. Sci., 63(1):27-31, 1 fig., 1 table. (Apr. 21, 1964).

105. 1964. Fossil Anseriformes. IN "Waterfowl of the World," by Jean Delacour, vol. 4, chap. 10, pp. 233-236, 5 text figs., 10 pls., Country Life Ltd., London.

106. 1964. Further discoveries concerning the flightless "diving goose" Chendytes lawi. Condor 66:372-376, fig. 1 (Sept.-Oct., 1964).

107. 1964. A new species of "Pigmy Goose," Anabernicula, from the Oregon Pleistocene, with a discussion of the genus. Amer. Mus. Novitates, 2200:1-14, 2 figs., 1 table (Dec. 15, 1964).

108. 1965. A new species of cormorant from the Pliocene of Mexico. Bull. So. Calif. Acad. Sci., 64 (1):50-55, 1 fig. (Apr. 26, 1965).

109. 1965. First record of avian fossils from the Eocene of California. Jour. Paleon. 39 (3):350-354, pl. 49 ("May, 1965," distributed June, 1965 (late), undated).

Alice, as most of my published writing is on scientific subjects perhaps I better just summarize, rather than list tiles

32 Monographs on fossil birds have been published in
Carnegie Institution of Washington Publications
Los Angeles County Museum Contributions in Science
University of California Publications in Zoology and also Geology
Univi. Calif. at Los Angeles Publications in Zoology
American Museum Novitates
Archeological Society of New Mexico Papers
U.S. Geological Survey Professional Papers
Records of Canterbury Museum (New Zealand)
Santa Barbara Museum Bulletin Dept. Geology

40 Short articles on fossil birds, avian osteology and evolutions in
Condor Magazine (Published by Cooper Ornithological Society)
Auk Magazine (Published by American Ornithologists Union
Science (Magazine of the American Assoc. for Advancement of Sci.
Journal of Paleontology
Smithsonian Contributions in Paleobiology
Ibis (Magazine of British Ornithological Society)
Bulletin of Southern Calif. Academy of Sciences
Fortschritte der Palaeontologie

2 Chapters in books (Chapter on Fossil ducks and geese in Delacour's "Waterfowl of the World" published in London) and (Chapter on Fossil Birds in Orr's "Prehistory of Santa Rosa Island", published by Santa Barbara Museum)

19 Biographies and/or biographical sketches, published in
Condor Magazine
Auk MAgazine
Society of Vertebrate Paleontology Bulletin
Los Angeles County Museum Quartery
Bulletin Southern Calif. Academy of Sciences

22 Non-technical articles on scientific subjects and/or Museums published in
International Assoc. High School Natural History Clubs
Los Angeles County Employees Magazine
Miracle Mile Milestones
Los Angeles County Museum Quarterly
Los Angeles County Museum Science Series and LACM Leaflet Series
MUSEUM (Publication of International Museum Assoc., France)
Clearing House for Western Museums

All of the above were written under my profession name of Hildegarde Howard

The only writing I have done under my married name (Hildegarde Wylde) has been in connection with Eileen Fitch's Class.

I hope this will be O.K. for what you want. If you want more particulars, let me know.

The above published
1923-1978

P.S. I FORGOT! Poetry! as Hildegarde Wylde--

Light. 1974. Western Poetry vol. 1, no. 1, p. 17
How do I Measure Love? 1974 Western Poetry vol. 1 no. 2
Mimus polyglottos. 1974. Western Poetry vol. 1 no. 3
Comes the Spring. 1975. Western Poetry vol. 2 no. 2
The Door. 1976. Western Poetry vol. 3 no. 3, p. 10.
